

The Department of Art

at Richard J. Daley College

Our mission is to provide students with a foundation in the arts — to enrich their educational experience, to expand their world perspectives, and to empower them to value and contribute to the visual art's impact on our society, communities, and daily lives.

By fostering a diverse and inclusive learning environment we develop students' creative processes, encourage collaborative engagement, enhance critical thinking skills, and focus expressive communication.

Students focused on the arts are equipped to pursue a successful education and career through a diverse and comprehensive curriculum delivered by experienced and passionate staff.

Department Student Learning Outcomes (DSLOs)

The DSLOs are aligned with the Institutional Student Learning Outcomes (ISLOs) and include the following:

DSLO 1 – Communication: students will develop meaningful and effective arguments about works of art (including their own) that clearly communicate the idea, context, and creative process.

DSLO 2 – Critical and Creative Thinking: students will learn to formally analyze, interpret, and articulate ideas.

DSLO 3 – Global/Cultural Awareness: students will learn to demonstrate art practices and research methods, develop an understanding of self and others in a historical and social context, and identify artistic forms from Western and non-Western cultures.

DSLO 4 – Skill and Technique: students will design works of art through research, brainstorming techniques, and formal studio practice.

DSLO 5 – Technology: students will learn various software applications and learning management systems to further develop research and presentation skills.

DSLO 6 – Ethics: students will demonstrate and promote a greater appreciation for diversity by applying ethical principles.
