

Occupational Therapy Assistant Program

Greetings!

Thank you for your interest in Wright's Occupational Therapy Assistant Program. You have chosen to explore a healthcare program that is challenging and rewarding.

Enclosed is our program application along with an information sheet that we hope will answer questions you may have. Fill in the application and return it to us as soon as possible if you are planning to apply for admission to the program for fall 2024. Wright College requires completion of a separate application in addition to the one for the OTA Program. If you are not currently enrolled at Wright, contact the Office of Admissions and Records at (773) 481-8200 to obtain information about the Wright College application process or go to the Wright College website listed below.

The requirements for program entrance are explained in the information sheets included with this letter. Please review them carefully. If you are deficient in any of these academic areas, you can build your skills by taking appropriate remedial course(s). If you are unsure about your current academic skills, you can contact the Wright College Testing Office at (773) 481-8450 to plan to take various placement/skills tests.

Review all the information enclosed with this letter. It will address many of your questions about the application and admission process, give you ideas about program costs, and describe several of our policies. You can also refer to the *Wright College Catalog* or the Wright College website, www.wright.ccc.edu for additional information about admissions, and about program course descriptions.

All application materials become the property of the OTA Department once submitted and will not be returned.

Again, thank you for your interest in the Occupational Therapy Assistant Program at Wright College. Please call our office at (773) 481-8875 if you have additional questions.

Sincerely,

Lisa Iffland, M.S., OTR/L
OTA Program Chair
